

THE PROGRAM

The purpose of the Foundation certification is to measure whether a candidate has sufficient knowledge and understanding of the PPP Guide to act as an informed team member of a PPP project. The Foundation course is also a pre-requisite for the two Practitioner (Preparation and Execution) courses.

COURSE DESCRIPTION

This certification is aimed at individuals involved in PPP projects, which require a working knowledge of the critical principles of financing PPP projects, who need to know the terminology used and some of the theory behind the PPP financing structures. It is also the introduction to the higher-level Practitioner certification and includes executive decision-makers, senior government employees, and the private sector.

COURSE CONTENT

The Foundation Course covers chapter 1, the Introduction and Overview of the PPP Certification Guide.

Specific matters to be dealt with include:

- Introducing and scoping the PPP concept
- Alternatives for infrastructure finance and procurement
- Types of PPP and nomenclature issues
- Where PPPs are used
- Infrastructure sectors
- Motivations for using PPPs
- Typical structure of a PPP
- How PPPs are financed
- Reasons for project failure
- Introduction to the PPP framework concept
- An overview of the PPP process

STATEMENT OF COURSE AIMS

The main objectives of the Foundation Course are to introduce the PPP concept as an option to procure and manage infrastructure; to scope the term for the

purposes of the PPP Guide, and to explain its main characteristics.

This Foundation Course includes the relevance and features of a proper PPP framework and the entire PPP process cycle, including a description of each of the phases that constitutes the process from a practical perspective. One additional objective of the Foundation Course is to help to create a common ground for terminology regarding PPPs and the PPP process.

COURSE FORMAT

A 4-hour live online training session, followed by the opportunity to self-study the CP3P Foundation Self-Paced course. You are welcome to choose the date of the live online session that will specifically deal with:

- PPP Frameworks
- PPP project opportunities
- PPP case studies
- Introduction of the CP3P Foundation Self-Paced course

WHO SHOULD ATTEND?

This course will be valuable for candidates involved with infrastructure and service delivery.

This course is recommended explicitly for finance, economic, legal, procurement, environmental, risk, and engineering practitioners.

FEES INCLUDE

A highly experienced and internationally accredited trainer will reveal, discuss and embed the critical PPP principles during the live online session.

The trainer will guide you, the candidate, from whichever discipline you are approaching the course and assist in understanding the importance of integrating various disciplines leading towards the conceptualizing of better projects and improved value for money.

EXAM PASS MARKS

To pass the exam, practitioners must obtain a minimum of 50%. If a candidate fails to achieve the minimum of 50% they will need to rewrite the exam at an additional charge.

EXAMS

- Exams are written online a week after completion of the course.
- The exam is based on chapter 1, Appendix A and the Glossary of the PPP Guide. Practitioners who pass the exam are issued a certificate.
- The exam consists of 50 multiple choice questions per paper, the duration of the exam is 40 minutes and it is a closed-book exam.
