ASSIGNMENT OVERVIEW

Assignment Title: 1214786 - Timor-Leste Health PPP Technical Adviser

Assignment Countries:
- Timor-Leste

ASSIGNMENT DESCRIPTION

The government of Timor-Leste intends to enhance diagnostic services by implementing a Public Private Partnership (PPP). Through the proposed PPP a private operator would be engaged to provide the full range of diagnostic services (CT scan, MRI, X-Ray, USG, Mammography and all laboratory tests) within Timor-Leste, reducing expenditure on transferring people/samples outside the country. The PPP will involve creation of a layered hub-and-spoke structure with important and emergency tests handled locally, while samples for other tests are moved to the nearest bigger facility, avoiding duplication in the investment, people, equipment and infrastructure.

IFC is seeking the services of a qualified technical consultant to support its transaction advisory team on developing and implementing the tender for this project.
